

I Didn't Know She Couldn't Hear

I didn't even know she couldn't hear until six months in
her mother told me,
so it definitely hasn't affected her at all.

The first time I met Katie was a year ago
on this actual court here during our summer camp.

Just to watch her in a year's time to where she is,
she literally just made the tennis team here in Owasso,
and proud of her for that.

It's my pleasure to work with her,
just to watch her grow as a person
and as a tennis player.

The pleasure's all mine.
