

Parent to Parent: Don't Compare Your Child to Others

Every hearing loss is very different.

It's almost like a fingerprint,

every fingerprint is different and every hearing loss is different.

You can't compare yourself,

you can't compare your child,

your parenting skills, the milestones they reach,

you can't compare any of that.

You just have to take your child as he or she is,

and then as they reach their milestone,

just have those breakthrough moments.

Be proud of that moment,

and then move on to the next one,

and just take it one step at a time.
